

# ESGE Learning Area

## Walk-in sessions at a glance:

---

### SMALL BOWEL MANAGEMENT: MOTORIZED SPIRAL ENTEROSCOPY

*By Olympus*

#### WHAT IT'S ABOUT

How to perform a safe and effective endoscopic procedure with PowerSpiral:

- Procedural Efficiency
- Comparison to Balloon Assisted Enteroscopy
- Antegrade Insertion and Retrograde Insertion
- Performing Therapeutic Procedure
- Clinical Results of PowerSpiral in Comparison with the Scientific Literature

---

### ERCP: COMPLETE PROCEDURE SOLUTION

*By Olympus*

#### WHAT IT'S ABOUT

How to successfully complete each procedural step during ERCP:

- Cannulation
- Sphincterotomy
- Exchange
- Stone management
- Structure management

---

### STONE MANAGEMENT BASICS FOR ERCP

*By Fujifilm*

#### WHAT IT'S ABOUT

- Cannulation strategies
- Bile duct stone management
- Emergency lithotripsy basics
- After care with plastic stents

---

### EMR AND ESD WORKSHOP: HANDS-ON TRAINING ON SPECIMEN WITH SIMULATOR

*By Erbe*

#### WHAT IT'S ABOUT

EMR Endoscopic Mucosa Resection

- Hot snare polypectomy
- Using HF modes like endoCUT Q
- HybridAPC for margin ablation

ESD Endoscopic Submucosa Resection

- Needle-free high-pressure injection
- Technique of ESD
- Using HF modes like endoCUT I & preciseSECT

---

### COMPLICATION MANAGEMENT IN ESOPHAGEAL LEAKAGES

*By Micro-Tech*

#### WHAT IT'S ABOUT

- VacStent application
- Sponge meets stent

---
