UEG Week 2022 Awardees

UEG Lifetime Achievement Award
Michael Manns, Germany
UEG Top Abstract Prize
Johannes R. Björk, The Netherlands
Christopher John Hawkey, United Kingdom
Carmen Mota Reyes, Germany
Masaki Tanaka, Japan
Severine Vermeire, Belgium
UEG Research Prize
Neil Henderson, United Kingdom
UEG Rising Stars
Julien Kirchgesner, France
Benjamin Mullish, United Kingdom
Gianluca Pellino, Italy
Salvatore Piano, Italy
Pedro M. Rodrigues, Spain
Fotios Sampaziotis, United Kingdom
David James Tate, Belgium
Maja Thiele, Denmark
Tim Vanuytsel, Belgium
UEG Journal Best Paper Award
Laurent Goessens, Belgium

Posters at UEG Week

Science Lounge: Posters & Networking (Hall B)

All posters are on display on the poster terminals during the following times:

Sunday, October 9	09:00 –17:30
Monday, October 10	09:00 – 17:30
Tuesday, October 11	09:00 – 15:30

Moderated Posters

Catch our moderated poster session at the Poster Stages in the Science Hall, where we feature up to 5 sessions in parallel, in total 11 times from Sunday morning to Tuesday afternoon. Please see the Virtual Congress Platform for detailed times and topics.

On-site Poster rounds

Are you excited to be back at an in-person event this autumn? So are we! We have created two unique sessions for poster presenters to showcase their work at the poster terminals in the Science Lounge, the place to meet your peers for networking and scientific exchange. All posters will be featured on e-poster terminals, allowing delegates an experience similar to walking through our physical poster exhibition – without printed posters. Don’t miss this opportunity for in-person scientific exchange!

Monday, October 10	12:30 – 13:30
Tuesday, October 11	12:30 – 13:30

Explore the e-posters on your own on the virtual congress platform or join us in the Science Lounge on-site!

Programme Overview

Saturday October 8	Sunday October 9		Monday October 10	Tuesday October 11
full day	morning	afternoon	full day	full day
Postgraduate Teaching (PGT) Programme				
Nurse Programme				
Hands-on Programme (endoscopy & ultrasound)				
		Sessions		
		Abstract-based Sessions		
	Science Lounge: Posters, Moderated Poster Sessions			
	Live TV Studio Sessions			
Industry Symposia				
	Industry Exhibition			

Photos, Filming and Recording of Scientific Sessions:
It is strictly forbidden to film, take photos or record any oral or poster presentation of UEG Week without the consent of the organiser (including smart phones, mobile devices, etc).

Together we connect and network.

Benefit from joining My Connect, UEG’s exclusive and secure networking feature for searching and linking with international digestive health professionals. Expand your relationships and collaborations and form completely new ones, all in a safe and professional online setting only accessible to those within the myUEG Community. **Now with new and improved features.**

Get connected!

PGT Programme | Saturday, October 8, 2022

	Room A7/8	Room A3	Room A9	Strauss 1	Strauss 3	Lehar 2	Lehar 3	Stolz 1-2, Foyer
09:00 – 10:30	PGT: Plenary Session					Nurse Programme		09:00 – 17:30 Endoscopy Learning Area in cooperation with ESGE and ESGENA Ultrasound Learning Area in cooperation with EFSUMB and BICUS
	Epidemic of pancreatic cysts: What all GI doctors need to know!					ESGENA Opening Session: Shaping our future		
	Break 10:30 – 11:00							
11:00 – 12:30	PGT: Video Case Session	PGT: Session	PGT: Session	PGT: Session	PGT: Session	Nurse Programme	Nurse Programme	
	Emergency endoscopy: How red can it get?	30 Years of UEG – Focus on Chronic Diarrhoea: Has our approach to diagnosis and management changed with "globalisation"?	ERCP vs EUS: The Fight Club	Challenges and controversies in the management in cholangiocarcinoma (CCA)	Let's talk about Barrett's: Aetiology, diagnosis and management	Health and safety in endoscopy	Management of complications	
	Break 12:30 – 13:30							
13:30 – 15:00	PGT: Video Case Session	PGT: Session	PGT: Session	PGT: Session	PGT: Session	Nurse Programme	Nurse Programme	
	Advanced luminal and hepatobiliar endoscopy	Don't miss the polyp and don't leave it behind!	Prevention and treatment of intestinal dysplasia in IBD: Are we doing better?	30 Years of UEG – Focus on Malabsorption: What has changed in the diagnosis and management?	Help for HELLP and other pregnancy associated liver disorders	Improving hygiene in endoscopy	Effect of COVID-19	
	Break 15:00 – 15:30							
15:30 – 17:00	PGT: Clinical Case-based Session	PGT: Clinical Case-based Session	PGT: Clinical Case-based Session	PGT: Clinical Case-based Session	PGT: Clinical Case-based Session	Nurse Programme	Nurse Programme	
	SOS, Budd-Chiari and ITBL: What should be known	Dos and don'ts in resectable colorectal cancer	30 Years of UEG – Focus on NCCP: What has changed in the diagnosis and management?	Nutrition in GI disorders: Center stage or supporting act?	Checkpoint inhibitors in GI-cancer: To ride the double headed dragon	Education: New approaches for improving nursing skills	Advanced roles: Nurses' missions in endoscop	
	Break 17:00 – 17:30							
17:30 – 18:30			Industry Symposium					

	Room A7/8	Room A1	Room A2	Room A3	Room A9	Room B9	Strauss 1	Strauss 2	Strauss 3
08:00 – 09:30	PGT: Session			PGT: Session	PGT: Session		PGT: Session		PGT: Session
	Acute severe ulcerative colitis (ASUC): Can we do better?			Acute lower GI bleeding management	On our way to healing HCC		Don't be stuck in the small bowel: Stage, scope and treat!		Like rolling stones: Standards and perspectives for biliary stone management
	Break 09:30 – 10:00								
10:00 – 11:30	PGT: CCB Session*	10:00 – 11:00 Industry Symposium		PGT: CCB Session*		PGT: CCB Session*	PGT: CCB Session*		PGT: CCB Session*
	Roadmap for treatment success in Crohn's disease			30 Years of UEG – Focus on IBS: Did we make any progress in the diagnosis and management?		If prednisolon works: Autoimmune diseases of liver and bile	Obesity: Life threatening but treatable		From Maastricht VI to CPI therapy: Gastric cancer in 2022
	Break 11:30 – 12:00								
12:00 – 13:00		Industry Symposium	Industry Symposium	Industry Symposium	Industry Symposium		Industry Symposium		
	Break 13:00 – 13:30								
13:30 – 14:30	Opening Session								
	Opening Session Part I								
	Break 14:30 – 15:00								
15:00 – 16:00	Session	Session	Session	Session	Session	Session	Abstract-based*	Session	Session
	Novel approaches in the medical management of cirrhosis	Mistakes in...: Luminal IBD and endoscopy	How to handle complications of IBD	Update on pancreatic cysts	Small things that matter: Premalignant gastric lesions	Obesity and the lower GI tract	Impact of CRC screening	What's new in 2022?	Eosinophilic GI disorders: Take the challenge!
	Break 16:00 – 16:30								
16:30 – 17:30	Session	Session	Session	Session	Session	Session	Abstract-based*	Session	Session
	Best of DDW	Never waste a good disaster (Lower GI)	What's new in 2022? IBD	Crash Course: When to do EUS and EUS-FNA in pancreatic lesions	Emerging Perspectives in non-alcoholic fatty liver disease (NAFLD/NASH)	Nutrition and HPB	Detection and characterisation of colorectal neoplasia	Gastroparesis: All the aces up my sleeve!	Where basic scientists meet clinicians: Are drugs friends or enemies?
	Break 17:30 – 18:00								
18:00 – 19:00	Opening Session	Late Breaking*	Session	Expert Encore	Expert Encore		Session	Abstract-based*	Expert Encore
	18:00 – 19:30 Opening Session Part II	Late Breaking Abstracts I	IBD therapy: Lessons from paediatric patients and real world data	18:00 – 19:30 Pancreatic mass	18:00 – 19:30 Challenges in small bowel-GI bleeding		Endoscopy and pathology: What's new in 2022?	Current trends in <i>H. pylori</i> diagnostics	18:00 – 19:30 Personalised medicine for oesophageal neoplasia

* CCB Session: Clinical Case-based Session / Abstract-based: Abstract-based Session / Late Breaking: Late Breaking Abstracts

Lehar 2	Lehar 3	Lehar 4	TV Studio	Science Lounge (Hall B)					Stolz 1-2, Foyer
Nurse Programme	Nurse Programme		09:00 – 09:30 Good Morning UEG Week						
Management of endoscopy units: Focus on health and safety	Staff and patient safety								
Break 09:30 – 10:00									
Nurse Programme	Nurse Programme			Moderated Poster	Moderated Poster	Moderated Poster	Moderated Poster	Moderated Poster	
Advanced endoscopy techniques: Key to success	Liver nurses			Basic and translational science in the pancreas	Colonoscopy: Polyp detection and characterisation	Artificial Intelligence and screening in endoscopy	Artificial Intelligence and upper-GI neoplasia	Covid-19 in GI	
Break 11:30 – 12:00									
				Moderated Poster	Moderated Poster	Moderated Poster	Moderated Poster	Moderated Poster	
				Clinical hepatology	Advanced endoscopy	Safety and emergencies in lower GI disease	Nutrition	Covid-19 in IBD	
Break 13:00 – 13:30									
Break 14:30 – 15:00									
Abstract-based*	Abstract-based*	Abstract-based*	16:30 – 17:00 UEG Week: Digging deeper	Moderated Poster	Moderated Poster	Moderated Poster	Moderated Poster	Moderated Poster	08:00 – 17:30 Endoscopy Learning Area in cooperation with ESGE and ESGENA Ultrasound Learning Area in cooperation with EFSUMB and BICUS
Management of liver disease	Burden of functional GI disorders	Gut microbiome as pathogenic and therapeutic player		What's hot in hepatocellular carcinoma?	Biliopancreatic endoscopy I	Epidemiology in GI disease	Motility disorders	Education in GI	
Break 16:00 – 16:30									
Abstract-based*	Abstract-based*	Abstract-based*		Moderated Poster	Moderated Poster	Moderated Poster	Moderated Poster	Moderated Poster	
Imaging and monitoring in GI disease	Update in coeliac disease	Mechanisms of inflammation		Cirrhosis and transplantation	Small bowel and imaging	Mechanisms in lower GI disease I	<i>H. pylori</i>	Endoscopy and GI surgery	
Break 17:30 – 18:00									
Abstract-based*	Abstract-based*	Abstract-based*							
Diagnosis and treatment of functional lower GI disease	Quality in endoscopy screening	New insights in IBD							

08:00 – 17:30

Endoscopy Learning Area in cooperation with ESGE and ESGENA

Ultrasound Learning Area in cooperation with EFSUMB and BICUS

Congress Programme | Monday, October 10, 2022

	Room A7/8	Room A1	Room A2	Room A3	Room A9	Room B9	Strauss 1	Strauss 2	Strauss 3
08:00 – 09:00	Session	Advances in Clinical GI & Hepatology	Session	Session	Session		Abstract-based Session	TSTM*	Session
	Upper GI bleeding: All for one, one for all!	Immunity and in-testinal ecosystem	IBD beyond the lumen: Perianal and extraintestinal manifestations	Therapy update: Autoimmune and cholestatic liver diseases	Colorectal cancer: From surveillance to surgical outcome		Artificial Intelligence for colonoscopy	Targeting MYC	Small intestine bowel overgrowth: Fact or fiction?
	Break 09:00 – 09:30								
09:30 – 10:30	Session	Advances in Clinical GI & Hepatology	Session	Symposium	Session	Abstract-based Session	Session	TSTM*	Session
	Man against machine: Artificial Intelligence and Big Data in GI diseases	Influence of immunity in liver transplants	The real life scenario of personalised management of colorectal cancer	Therapy update: Pancreatitis	Managing GI complications of radiotherapy	Clinical trials in ulcerative colitis I	Challenges in enteral nutrition	Targeting growth signalling in cancer	<i>H. pylori</i> : Evolution or extinction?
	Break 10:30 – 11:00								
11:00 – 12:00	Session	Advances in Clinical GI & Hepatology	Session	Session	Late Breaking Abstracts	Session	Abstract-based Session	TSTM*	Session
	Colorectal cancer screening in the COVID-19 era	Immunity and maintaininflammation	Managing challenging cases in functional colonic disease	Hot Topics from Latin America	Late breaking abstracts II	Personalised screening and surveillance in hepato-pancreatic disease	Treatment strategies in IBD	Immunomodulation in GI disease	Narrow oesophagus: Disease starts young!
	Break 12:00 – 12:30								
12:30 – 13:30		Industry Symposium	Industry Symposium	Industry Symposium	CBD*	CBD*	Industry Symposium	Industry Symposium	CBD*
					Functional dyspepsia and gastroparesis: Where do we draw a line?	Indeterminate biliary strictures			NASH
	Break 13:30 – 14:00								
14:00 – 15:00	Session	Session	Session	Abstract-based Session	Session	Session	Abstract-based Session	TSTM*	Session
	30 years of UEG - Anniversary Session	Mistakes in...: Neurogastroenterology & motility and nutrition	Autoimmune and rare liver disease	Clinical trials in Crohn's disease	Crash Course: Complications after upper GI surgery	Recurrent acute or chronic pancreatitis	Endoscopic resection of GI neoplasia	Metabolic vulnerabilities in cancer	From guidelines to clinical practice: Update on FMT in Clostridium difficile infection
	Break 15:00 – 15:30								
15:30 – 16:30	Session	Session	Session	Session	Session	Session	Translational/ Basic Science	TSTM*	Session
	COVID-19 still here: Lessons and questions	Never waste a good disaster (Upper GI)	HCC and CCA	Therapy update: Coeliac disease	Constipation: A challenge in paediatric and adult care	Where basic scientists meet clinicians: GI complications of CPI therapy	Entero-endocrine cells: Key sensors in health and disease	Targeting cellular processes in regeneration and cancer	Therapy update: Useful tips in gastroprotection
	Break 16:30 – 17:00								
		17:00 – 18:00: IS*	17:00 – 18:00: IS*	17:00 – 18:00: IS*	17:00 – 18:00: IS*		17:00 – 18:00: IS*		

* CBD: Case-Based Discussion / TSTM: Today's Science; Tomorrow's Medicine / IS: Industry Symposium

Lehar 2	Lehar 3	Lehar 4	TV Studio	Poster Stage 1	Poster Stage 2	Poster Stage 3	Poster Stage 4	Stolz 1-2, Foyer
Abstract-based Session	Abstract-based Session	Abstract-based Session	09:00 – 09:30 Good Morning UEG Week					
Biomarker in pan-creatic disease	Eosinophilic esophagitis and GORD	Mechanisms in lower GI disease						
Break 09:00 – 09:30			10:30 – 11:00 Grow with us: Rising Stars Award Session I	Moderated Poster	Moderated Poster	Moderated Poster	Moderated Poster	08:00 – 18:00
Abstract-based Session	Abstract-based Session	Abstract-based Session		NASH and dia-gnostics	Endoscopic ultrasound I	Mechanisms in lower GI disease II	Bleeding	
Biomarker in liver disease: Risk and prediction	Endoscopic submucosal dis-section: Technique and outcomes	Immune and microbial pathways in colo-rectal cancer	12:00 – 12:30 UEG Week: Digging deeper					Endoscopy Learning Area in cooperation with ESGE and ESGENA
Abstract-based Session	Abstract-based Session	Abstract-based Session		Moderated Poster	Moderated Poster	Moderated Poster	Moderated Poster	
Clinical care for patients with cirrhosis	Achalasia: Diagno-sis and treatment	The microbiome as disease modu-lator	13:30 – 14:00 Digestive diseases: Big burden, low funding?	Imaging in the pancreas	Diagnostic colo-noscopy	Clinical trials in IBD	Reflux disease	Ultrasound Learning Area in cooperation with EFSUMB and BICUS
Break 12:00 – 12:30				12:30 – 13:30 Poster rounds in the Science Lounge				
			15:00 – 15:30 UEG Week digested	Moderated Poster	Moderated Poster	Moderated Poster	Moderated Poster	
Abstract-based Session	Abstract-based Session	Abstract-based Session		Pancreatic cancer clinical	Endoscopy in upper GI	Investigator studies in IBD I	Dyspepsia	
COVID-19 complications in the lower GI tract	Gastric cancer and lymphoma	Upper GI bleeding: Stratification and treatment	16:30 – 17:00 Grow with us: UEG beyond UEG Week					
Abstract-based Session	Abstract-based Session	Abstract-based Session		Moderated Poster	Moderated Poster	Moderated Poster	Moderated Poster	
Real world evidence in IBD	Artificial intelli-gence in endoscopy	Molecular mecha-nisms of cancer development	Break 16:30 – 17:00	Update on the bil-iary compartment	Colonoscopy	Investigator studies in IBD II	Neoplasia	

Congress Programme | Tuesday, October 11, 2022

	Room A7/8	Room A1	Room A2	Room A3	Room A9	Room B9	Strauss 1	Strauss 2	Strauss 3
08:00 – 09:00	Session	Session	Live Demo	Session	Session		Translational/ Basic Science	Abstract-based Session	Session
	Ongoing dilemmas in refractory ulcerative colitis	What's new in HPB oncology 2022?	08:30 – 09:30 Live Endoscopy I	Therapy update: Ulcerative colitis	What's new in 2022? IBS: A psychosomatic disorder or food allergy		Studying individual cells: The human cell atlas	Immune checkpoints in liver disease	Reflux disease at 360° degree view
	Break 09:00 – 09:30								
09:30 – 10:30	Session	Session	Live Demo	Symposium	Session	Session	Translational/ Basic Science	Abstract-based Session	Session
	Challenges and lessons managing lower GI disorders with limited health-care resources	From guidelines to clinical practice: IgG4-related diseases	10:00 – 11:00 Live Endoscopy II	Therapy update: Crohn's disease	Gastric cancer: New insights	Where basic scientists meet clinicians: Mechanisms of injury and implications for the clinician	Faecal microbial transplantation: Fact or fiction?	Techniques in endoscopy	Dysphagia: Achalasia and beyond
	Break 10:30 – 11:00								
11:00 – 12:00	Session	Abstract-based Session	Live Demo	Session	Session	Late-breaking Abstracts	Translational/ Basic Science	Session	Session
	Crash course: T1 colorectal cancer	Clinical trials in ulcerative colitis II	11:30 – 12:30 Live Endoscopy III	When functional disorders overlap with organic diseases	Rising Stars in basic and translational science from Europe and Japan	Late-breaking Abstracts III	The microbiome as modulators of gut function	Transplant: Cure in hepatology	Complicated coeliac disease: Make it simple!
	Break 12:00 – 12:30								
12:30 – 13:30		Industry Symposium			CBD*	CBD*			CBD*
					Dilemmas in diagnosing small bowel disease	Oesophageal leakage after surgery: How to manage it?			Diverticular disease
	Break 13:30 – 14:00								
14:00 – 15:00	Session	Session	Session	Session	Session	Session	Translational/ Basic Science	Abstract-based Session	Session
	FMT: Current practice and future perspectives	Mistakes in...: Hepatobiliary and pancreas incl. imaging	East meets West: Towards common management for colorectal neoplasia	Viral hepatitis: On its way out?	Management of acute pancreatitis	Nutritional failure associated with lower GI disease	New insights in IBD	Endoscopic treatment of Barrett's and oesophageal neoplasia	All you wanted to know about functional dyspepsia
	Break 15:00 – 15:30								
15:30 – 16:30	Session	Session	Session	Session	Session	Session	Translational/ Basic Science	Abstract-based Session	Video Case Session
	Artificial intelligence for upper GI-endoscopy: What's new in 2022?	Never waste a good disaster (HPB)	What's new in HPB 2022?	From guidelines to clinical practice: Oesophagus, stomach	Keeping the flow: Diagnostic and therapeutic challenges for the bile and pancreas duct	Where basic scientists meet clinicians: GI complications of CPI therapy	Targeted therapies for biliary tract cancers	Old and new molecules in IBD	Video Case Session

Industry Symposia Overview

As per: August 8, 2022

The programmes of Industry Symposia are not affiliated with UEG.

A more detailed programme of all Industry Symposia can be found on the UEG Week 2022 virtual platform.

Saturday October 8, 2022	Sunday October 9, 2022
17:30 – 18:30	10:00 – 11:00
Room A9 Most Patients with Ulcerative Colitis 'Can't Wait': The Impact and Clinical Assessment of Bowel Urgency (Eli Lilly and Company)	Room A1 Assessing ulcerative colitis: Is there something your patient isn't telling you? (Eli Lilly and Company)
	12:00 – 13:00
	Room A1 Exploring the evolution of care in Crohn's disease (Janssen)
	Room A2 Precision medicine with precision tools in Crohn's disease: can we translate science into clinical practice? (Takeda)
	Room A3 JAK of all Trades, master of IBD? Refocusing our clinical expectations (AbbVie)
	Room A9 Targeted oral therapies for the treatment of moderate to severe UC (Bristol Myers Squibb)
	Room Strauss 1 Solving the Riddle of Disease Control in EoE (Sanofi)

Monday October 10, 2022
12:30-13:30
Room A1 Avant-garde treatment approaches in IBD management: targeting the IL-23 pathway (Janssen)
Room A2 Which clinical targets have the potential to change the natural course of IBD? (Takeda)
Room A3 New vision of remission: Aiming for mucosal healing in Crohn's disease through IL-23 inhibition (AbbVie)
Room Strauss 1 A Deeper Dive Into the Clinical Implications of Type 2 Inflammation in EoE and Approaches to Patient Care (Sanofi)
Room Strauss 2 JAK to the future: a patient-centric choice in UC (Galapagos)
17:00 – 18:00
Room A1 What do UC on the horizon: exploring the emerging management options (Janssen)
Room A2 Navigating Experience and Possibilities with Subcutaneous Infliximab as a Biobet-ter in IBD (Celltrion Healthcare)
