

CALL FOR VIDEO CASES

Thank you for your interest in submitting a video case for UEG Week 2023!

As in previous years, UEG Week will feature a designated video case session containing the best-accepted video cases. If your video case is accepted, you will be invited to orally present your video case, followed by two to three minutes discussion with the audience.

This session is the perfect platform to showcase the newest endoscopic procedures and interesting case findings. The chairmen are prominent leaders in the field and will ensure that the session is interactive and filled with dynamic discussions.

When you submit your video case to UEG Week, you have guaranteed international exposure, as UEG Week is truly the platform for you to share your science with the worldwide GI community. In addition to the publication in our library and in our online programme, your video case will also be featured in the UEG Journal.

Please read carefully through the call and submission guidelines so that you prepare the video file accordingly.

Important Dates

Opening of Abstract submission: Monday, February 27, 2023

Deadline for Abstract submission: Friday, April 28, 2023; Midnight (CET)
