

CALL FOR VIDEO CASES

Showcase your expertise at UEG Week 2026 by submitting your most compelling video cases!

This is your chance to present innovative endoscopic procedures and fascinating case findings to a global audience of GI professionals. Accepted video cases will be featured in a dedicated, high-impact **Video Case Session**, where you'll have the opportunity to present your work and engage directly with the audience during an interactive discussion. Accepted Video case will be presented orally, followed by two to three minutes discussion with the audience.

This session is the perfect platform to showcase the newest endoscopic procedures and interesting case findings. The chairmen are prominent leaders in the field and will ensure that the session is interactive and filled with dynamic discussions.

Here's why you should submit:

- **Global exposure:** Share your science with the international GI community at one of the field's most prestigious platforms.
- **Expert recognition:** Gain valuable insights and feedback from renowned leaders chairing the session.
- **Enhanced reach:** Your accepted video case will be published in [Gutflix](#), showcased in our online program, and highlighted in the UEG Journal.

This is more than a presentation—it's your opportunity to make your mark in the GI community, expand your network, and inspire peers with your groundbreaking work.

Ready to inspire and connect?

Submit your abstract now and join the vibrant [UEG Community!](#)

Be sure to review the submission guidelines carefully to ensure your video file meets all requirements.

Let's make UEG Week 2026 unforgettable—submit today!
