

TOPIC LIST - 2026

1	1. OESOPHAGEAL, GASTRIC AND DUODENAL <i>(PLEASE SEE SURGERY AND ENDOSCOPY SECTIONS FOR FURTHER OPTIONS)</i>
	1.1. Cell/molecular biology/pathology
	1.2. Immunity and inflammation (not H. pylori)
	1.3. H. pylori and other microbiology
	1.4. Upper GI and small intestinal bleeding
	1.5. Upper GI nerve- gut and motility: basic
	1.6. Upper GI motility disorders: Clinical
	1.7. Functional upper GI disorders: Clinical
	1.8. Eosinophilic oesophagitis
	1.9. Reflux disease, clinical
	1.10. Reflux disease, basics
	1.11. Barrett's oesophagus: Basic
	1.12. Barrett's oesophagus: Clinical
	1.13. Oesophageal neoplasia: Basic
	1.14. Oesophageal neoplasia: Clinical
	1.15. Acid peptic disease (includes NSAIDS, but NOT H. pylori), clinical
	1.16. Acid peptic disease (includes NSAIDS, but NOT H. pylori), pathogenesis and treatment
	1.17. Gastroduodenal neoplasia: Clinical
	1.18. Gastroduodenal neoplasia: Basic
	1.19. Upper GI / quality of care
	1.20. Endoscopy and EUS, upper GI
	1.21. Cross sectional imaging and Interventional, upper GI
	1.22. Surgery (Oesophagus / stomach / duodenum)
	1.23. Upper GI: General Submission
2	2. SMALL INTESTINAL
	2.1. Small intestine: Basic and immunology and inflammation
	2.2. Small intestine: Diagnostics
	2.3. Intestinal failure
	2.4. Small intestinal infections
	2.5. Coeliac disease
	2.6. Malabsorption syndromes and food enteropathies
	2.7. Small intestinal neoplasia
	2.8. Small intestinal bleeding
	2.9. Vascular disorders
	2.10. Small intestine: General Submission
3	3. NUTRITION
	3.1. Obesity
	3.2. Nutrients and gut function
	3.3. Enteral and parenteral nutrition
	3.4. Nutrition: General Submission
4	4. IBD <i>(INCLUDING MICROSCOPIC COLITIS)</i>
	4.1. Basic/pathogenesis/pathology
	4.2. Aetiology/epidemiology
	4.3. Genetics
	4.4. Diagnosis and monitoring
	4.5. Imaging, radiology (incl. interventional radiology)

TOPIC LIST - 2026

	4.6.	Treatment-medical
	4.7.	Treatment-surgical
	4.8.	IBD: General Submission
5	5. LOWER GI (EXCLUDING IBD) <i>(PLEASE SEE SURGERY AND ENDOSCOPY SECTIONS FOR FURTHER OPTIONS)</i>	
	5.1.	Lower GI Immunology, immunity, inflammation (NOT IBD)
	5.2.	Lower GI infections
	5.3.	Lower GI bleeding
	5.4.	Lower GI malignant disease-clinical
	5.5.	Lower GI malignant disease basic
	5.6.	IBS /Lower GI motility: Basic
	5.7.	IBS/Lower GI motility: Clinical
	5.8.	Diverticular disease
	5.9.	Ano-rectal disorders other than IBD or motility-related
	5.10.	Lower GI Endoscopy, diagnosis and treatment
	5.11.	Imaging and interventional radiology
	5.12.	Surgery and complications (Small bowel / colorectal and anal)
	5.13.	Lower GI: General Submission
6	6. LIVER	
	6.1.	Molecular biology, immunology, inflammation and fibrosis
	6.2.	Regeneration, stem cells and nutrition
	6.3.	Steatotic liver disease: MASLD and ALD
	6.4.	Hepatotoxicity and liver failure
	6.5.	Cirrhosis and complications: Basic and clinical aspects
	6.6.	Viral hepatitis
	6.7.	Cholestatic and autoimmune liver disease
	6.8.	Liver transplantation and surgery
	6.9.	Imaging, radiology (incl. interventional radiology)
	6.10.	Liver neoplasia: Basic
	6.11.	Liver neoplasia: Clinical
	6.12.	Vascular diseases of the liver, bile duct or pancreas
	6.13.	Liver health services research
	6.14.	Liver: General Submission
7	7. BILIARY <i>(PLEASE SEE SURGERY AND ENDOSCOPY SECTIONS FOR FURTHER OPTIONS)</i>	
	7.1.	Bile acids, transport, cholestasis, gallstones: Basic
	7.2.	Cholestasis and gallstones: Clinical
	7.3.	Biliary neoplasia: Basic
	7.4.	Biliary neoplasia: Clinical
	7.5.	Endoscopy, ERCP and EUS
	7.6.	Biliary: Imaging and interventional radiology
	7.7.	Biliary: Surgery
	7.8.	Biliary: General Submission
8	8. PANCREAS <i>(PLEASE SEE SURGERY AND ENDOSCOPY SECTIONS FOR FURTHER OPTIONS)</i>	
	8.1.	Cell biology/secretion/enzymology/physiology
	8.2.	Acute Pancreatitis: Experimental
	8.3.	Acute Pancreatitis: Clinical
	8.4.	Chronic Pancreatitis: Experimental

TOPIC LIST - 2026

	8.5.	Chronic Pancreatitis: Clinical
	8.6.	Autoimmune Pancreatitis
	8.7.	Pancreatic cystic lesions
	8.8.	Pancreatic cancer: Basic
	8.9.	Pancreatic cancer: Clinical
	8.10.	Endoscopy, ERCP, EUS and stents
	8.11.	Pancreas: Surgery (all aspects)
	8.12.	Pancreas: General Submission
9	9. Other	
	9.1.	Health economics
	9.2.	AI and Digitalisation in GI
	9.3.	Education in GI
	9.4.	Gender and diversity
	9.5.	No other category appropriate
